Absentee Voting

Voters who wish to vote absentee should request, complete, and return their ballot as soon as possible. There is **no change** in Wisconsin law for absentee ballot return for the February primary. Voters may ask a person of their choice to return their ballot, and absentee ballot drop boxes may be used.

- Our [2022 Wisconsin Spring Elections Timeline](#) provides important dates and deadlines for the Spring elections.
- Request your absentee ballot at [MyVote Wisconsin](#). You may request absentee ballots for the year.
- If a voter always needs to vote absentee due to disability, age, illness, or infirmity, they may certify as an indefinitely confined voter on their absentee ballot request. Their ballot will be mailed to them for each election until they don't return a ballot.

Know Your Rights

People with disabilities have the right to have an equal opportunity to vote, and to access disability related accommodations, if needed. Some of the most widely used accommodations are curbside voting, receiving assistance with marking a ballot, and use of accessible voting machines. See our fact sheet and video:

Guardianship and Voting Rights

In Wisconsin, a person under guardianship retains the right to vote unless the court expressly removes it. If an individual is under guardianship and unsure of their right to vote, the Court's decision regarding the right to vote is recorded on a court form called "A Determination and Order on Petition for Guardianship Due to Incompetency." A person who has a guardian and has lost the right to vote may petition the court to restore their right to vote.
