It is important for me to take every opportunity I can to exercise my right to vote. I vote because it is vital for me to participate in a process that will allow my voice to be heard. My vote can influence policies, services and laws that affect my community. My vote will also allow me to pick legislators who will represent my interests. I am a Blind voter and I choose to be part of the solution by voting.

Danita Jackson, Milwaukee, WI

It’s so important for people with disabilities to be able to vote. I have such pride in participating in democracy, and the accessible voting machine allows me to continue this. Voting is the most powerful way to express your opinion.

Chris Woods, Eau Claire, WI

“Persons with disabilities need to show our elected officials that we are a powerful voting bloc, but our voices won’t be heard until there is an increase in voter turnout. Our vote matters!”

Neelam Dhadankar, Madison, WI

Being politically engaged is important to me, especially when it comes to deaf related issues. Voting is one way I stay politically engaged.
