Constitutional Amendments

Constitutional Amendments

Overview

A **constitutional amendment** is a change to the constitution. It is an addition or alteration to the constitution.

In Wisconsin, a constitutional amendment must pass the Legislature in two consecutive sessions and be approved by voters in a statewide election before it is officially added to the state Constitution.

November 5, 2024 Constitutional Amendment on the Ballot

✘ Question:

“Eligibility to vote. Shall section 1 of article III of the constitution, which deals with suffrage, be amended to provide that only a United States citizen age 18 or older who resides in an election district may vote in an election for national, state, or local office or at a statewide or local referendum?”

What does a “Yes” or a “No” vote mean?

A “yes” vote - means that you want to change our state constitution to remove the guarantee that **“every”** U.S. citizen has the right to vote. A yes vote will change the wording to **“only”** U.S. citizens have the right to vote. This sounds the same, but it is a subtle change.

A “no” vote - means that you do not want the constitution to change. You want the state constitution to say that “every” U.S. citizen has the right to vote.
